The Viking Club History

Our club was started by a group of adults from San Francisco, some of whom were of Scandinavian decent. 70 plus years later, we have a wonderful year round cabin, 4th generation members, and always openings for adventurous skiers and outdoor folk.

There are many benefits to membership in our club, in addition to having a group of fun loving and friendly people with whom to socialize! Other benefits include AFFORDABLE YEAR ROUND ACCESS to the club's cabin at Donner Summit, trips sponsored by BAC and FWSA, and discounts at local and national businesses.

Our large cabin also has ski and snowboard storage, personal lockers, two wood burning fireplaces, and a full kitchen with two ovens, refrigerator, and food storage.
